Re: Outside Practice

Dear Prof. Ogle:

We acknowledge and accept your offer to carry out the following work, namely, scientific consultation regarding various aspects of Brown & Williamson Tobacco Corporation's grooved cigarette filter technology.

As a condition of your offer, we acknowledge and confirm that you will be carrying out the above work as an individual, and not as an employee or agent of the University, or on behalf of the University, and that the carrying out of the said work by you is outside the scope of your employment with the University. It is hereby agreed that no liability arising out of your undertaking of the above work shall attach to the University under any circumstances whatsoever even though you are carrying out the work with the University's full permission.

Very truly yours,

G. E. Stungis
