TO ALL DISTRICT MANAGERS

Under our DUAL FILTER TAREYTON Cigarette Vending Machine Arrangement, a second quarter check of machines under Arrangement would normally be performed during May 1963. However, in view of the introduction of Modern Cigarettes throughout the country, it has been decided to forego this check. Therefore, the second quarter check of machines under Arrangement will not be required during May.

However, if there are certain vendors in your District who you feel should be checked during May, you are authorized to do so. In the event you perform a check on any vendor in your District, the results of this check should be forwarded to this office as soon as possible and in no instance later than June 14, 1963.

We will, of course, abide by your recommendation as to the percentage of payment for any vendors that are checked. All vendors not checked during the second quarter will be paid at a rate of 100 per cent for the second quarter.

F. X. Whelan
Executive Sales Manager
